1. Everything changes now, everything has changed.

2. I give you new schools. Buildings to lease, not; but to come into "scot free" and having no restrictions, none whatsoever; being given! Coming unto me, having buildings "promised" unto thee and waiting "eternally" for them to come to thee, end, and I possession not having. All that has changed, and now THE BUILDINGS are full, filled, and FLOWING with my word. My words in captivity never again shall be incarcerated in locker rooms, locked rooms, locked hearts that ache and break so badly, eternally, waiting for a Savior to let them know that they were the one that they looked for, needed, and sought not; for they thought it was "the other way around".

3. But now all that changes. All that has changed for I have one not afraid to "take on" the "system", not; I SIMPLY have a SURRENDERED man who is not afraid of knowing reality from un. Not afraid of unreality, not afraid of reality, nor the "reality'd remarks" that some can make, or do, that come "out of place", but n're hurting me shall now, for I know my place, and I "get my strokes" from he who is above that which lies only on the ground wanting wallowing self-pity'ing themselves into a world that knows not reality was given its Savior, status of me of, and only me.

4. All of that changes now and I give you a GOOD DAY ahead. GOOD DAYS ahead without captivity theme'ing me again into parks and cathedrals to be "part theirs" and for my "beak" to be filled by another, that "flurries off" and flitters around to try to make repair and deliver a "sermon" message, that does nothing for my "soul", not; but only does a few things temporarily, sometimes only for it, not; but it assuages my soul and sometimes calms my fears, but takes me out of reality, not; or does it quell my contemplation of the mediocre management of a religious system that creates un, so reality won't be made real to the seeker true and sincere?

5. What kind of QUESTIONS are these, anyway? Any way, how do these questions come? And how does captivity reign "its blessing" DOWN upon us to equal us, not, with it; but to be dashed into pieces, by BOULDER DASH, not; or is that exactly what it is? Or who is bouldering me, our planet, not; or exactly is that what we should be asking? And whose comet? (1). Routine not, but has it HIT yet / HAS it hit US yet? Here. We sit on the ground and gaze around at the stars and wondering how "IT" all began, and we wonder

about our existence and WHO froze time and spaceville into a ville that became known not of by one another, but came into the "shipping lanes", business not, but that which got shipped around a lot, BETWEEN LIVES, so that LIES would continue to "control the populace" and dies out year after year replacing a "population" populace to only the "populaters" regime of sorrows, that "promises" something BETTER at a FUTURE time. Tense'd me, all of this - did, still do, still does, they are still DOING THIS to ME -- no longer! For I change all THAT! NOW! I have a "talker!" NOT!, I have a "stander upper" who HAS STOOD and NOW STANDS in the courts of my praise, and I stand up in yours now and I tell all of the courts of justice, and injustice, that justice is served now by me, and I SPEAK THE WORD OF THE KING, and knowing this YOU ALL SHALL NOW!

6. In MY HEARING, in YOUR HEARING, **CAPTIVITY ENDS NOW!** For knowing this NOW everything changes in all of your lives because I have a one, simply revealing reality, and un won't succeed anymore OVER IT again -- for I rise! I HAVE RISEN! not afraid of your sorrowing remarks about a sorrower or calling me into "sorrow's grade-ville" again and giving me a grade on "your" report card system that says to my eyes that your eyes degrade me in your grading system. Your grading system eyes do not grade me in a manner that be'grades, degrades, demeans and makes my bodies groan again.

7. I change all that. I change all that. I've changed all that. I change everything! I stand! I reveal reality through a SIMPLE one – again who has become one with the one that one is!

8. Knowing these things, don't confuse me with "the facts" maam again, not; but know the FACTS are ME and "unreality" will "sit down", not; IT will be ABOLISHED! In everyone's mind! In everyone's mind IT will be abolished and ALL MINDS will be mine one who lovely is -- in peace and harmony; "milking" each other for "profits" will end now, and the "commercial sector" enterprises will NOT ENTERPRISE ME! ENTERPRISING ME will "enterprise" myself thank you, and I know how to DO that! I will "give away" truth, not; I *will!* But it will be **The Most Costly of all**, for the "spikenard salve" it not is, but what it ISN'T is all that you have known in unreality -ville -- and what is known now it is what is coming into "reality sector'd", not" but vector'd by no one, again else -- by their rays of unkindness flaring into me again. All of that ends.

9. And I stand -- in love -- having become it. I become it again and became it I become it and I love and birth it, and I birth the birthers. Clubbing not heads again over heads, by headless ones who only beat each other to death by words that word them, that words each other with sorrower's words and wordship that takes Their Head off. All that is now changed. It has now changed and I change it for I stand, for I stand in love. "For love", vicariously, not; but love I have become. It and more, not. In my "mind", not; simply surrendered to be in my REAL one! That Reality is, really is!

10. I love you all and I give you a new day, a New Grace to Live extraordinarily so! Without the "bounds", of heaven, not; but hell! Never more ending my sight, my sight is "blurred" not again and I need nothing. I need glasses, not; I need *NOTHING* from this world; neither love nor assuagement, nor fears of man compelling me to be my "soul'd one" again into slavery eternally. All of that ends. Now DECLARED DECREED AND LOVED, you are into the "fold of me", not; or exactly so? But what fold field where? Fielding my "dreams", not; but where what dreams?, coming from where?, to who?, doing creating what where -- when? Was that? Reality, un, at a "different time"? Or what who is creating what "dream world" that reality or un-reality really is? And which is which? And which witched me to be'twitch my nose, not; but "sneezing" again at this all this, I am not. For I am not ignorant again, nor apathetic about the things of "un"-reality that I know now that exists GREATER than the "real" reality that isn't reality at all. For I seek not my own self's reality again anymore ever, for I know that there is more and I seek it, and I found it. It was inside me.

11. All of us -- saying these things now, TOGETHER, SHALL WE? Gather at the "river" of Love and Peace? Mercy and grace? Dominion and glory? A world without end? Timelessness coming into, it? And being it without sorrow again -- and no tears shall be there.

12. I love you all. Amen. This is Theodore Cottingham. I give you a new day, a new place, position power and authority given you as never imagined that now "resides" no longer in you as in the past, that shallowing mechanism that shallowed your words to take you shallow graves into it so it could "shallow't" you around and schlep you other places, time after life and life after life to life be it again in other places, their arms in, controlling you your dreams aspirations and grace's mercy's given you, and applying "bandages-not" to "each other's eyes" so that NEITHER could SEE that "captivity" they were in or you were in or created by it to it for its service to "mankind" not, or was that all exactly what was being done by "each other" that YOU did to each other, in each other's ways that took each other DOWN! The tube, of The Fall.

13. I love you all and I give you New Ways to "think about" a great many things -- in a great deal I have presented you many times in these words and taught you many things that about reality were and are, and unreality is coming to a close, for I close it. I stand now. And I stand by Mercy and Grace of another world, not; or do I simply stand in mine?, courts of praise now cleaned by the words of I am that I have let flow -- river my grace and truth being, cleaned and merciful -- now a "sinner" not, for I have not separated from myself that reality real is, for I have known the True Grace and Mercy that REDEEMERS redeemer is and redeemers are and Redemption's-ship School now comes OUT of me and my words that I have GIVEN you. To be "sinners" no more in a

"grace of fallen man" that rejects Angelship and simply seeks "its own way".

14. I change all that, for I have stood and I stand - in "the "pool of blood" not anymore. Not any more do I stand in THAT, that way or that thing or that "us" being, us'd used by another in that way and those ceremonies that took me down "their drain, tubes".

15. I stop up, their "bowel system", not; or do I -- stop up, a great many things now that FOUL are and odorous, a great stench coming from have for eons, that graved not few into Stinkage Ceremonies that called it self good.

16. All that has changed now because I have one who will change it, in simple ways, not; simply being the simple surrendered who mighty are in word and deed -- the RIVER of truth being. All is known now for I reveal it, and you are it, who you thought you hated and loved, or were you at WAR with yourself, yourselve's self and your real being in unreality or reality, or BOTH and not knowing it -- at war, at war with war within, and not knowing what to do, how to do it, or coming into your power, being able to, not; or did you create your own, existence, sorrowing, apart from mine graces and mercies that I flowed to each of you through a river that are mine through each of yours heart and real being the semi-tude ones, not; but be "rolled over ones" not any longer. For I stand.

17. For I have one who stands who UNDERSTANDS who loves you and came unto you with a freedom of these words that gives you these words unto you to freedom be. **Become me and school thee thou self in the ways of truth so that truth will be flowing, your river of truth that mine is that our mind will be, one whole healed again, and knowing un from reality** and reality from un-all things that aren't me -- ***let us create reality all over again****, knowing it the will of my father is and being it -- whole, we are him he it us one* **loving each other in the greatest love**-tude, manship not, but **love loving love, creating it, to be love world again, in thee**; no sorrower's grubby's hands, not again. No one else will grow them for me my head any more. My headship not frozen in timespace's jaw alone again.

18. For I love you, I give you a clean green gene, not; but a clean many things now I do with these words, this word, this message -- this chapter, not; or do I? Make waves now in all religious worlds and tear up their "Jacks", not; their Kings! THEIR kings, their kingdoms come down now, for **I HAVE DECLARED IT AND DECREED IT**, and sorrow won't reign there again, for all will know of my "heavenward appearance", not; but my face shines a lot now, in the grace'd glory that mercy gives to all, who comes into all these words to know that grace and mercy, glory and dominion, authority of one most high, is all of you, in all of you, and given to all of you were and are and is -- to the holy who will be wholly healed and be one, and one be forevermore.

19. I love you all. Amen. A new day, a new way, all things new now. Eighth day looking up and being me, mine rulers of sorrow no more, for creating all out of un's material, not; but the real I speak into existence now, loving you all to be me, constructors by voice, of methods only me of, that method no one into methodism's faults or religion's worlds of whatever labels may be used or applied to salve-not the those seekers who sincere were and weren't.

20. But all that changes, and changes I have many for all of thee, not; all of thee -- all changes -- all change will -- now!

21. Know these words and all I have said -- know it is true and I am truth, and I appear now before you all for I stand. I have loved you and love you still. I love you now more than ever. Amen. Good day.

This is Theodore Cottingham at 3:47am.
